

Starship POSEIDON

Navy Newport STEM

2019 Summer STEM Camp
Sunday July 14th- Saturday 20th
Naval Station, Newport, RI

The Newport, Rhode Island based Navy Starship Poseidon STEM program, with the support of the Office of Naval Research, is pleased to offer this opportunity for students. Students are invited to participate in a week long in-residence summer camp designed to provide insight into career opportunities in the Science, Technology, Engineering, and Math (STEM) fields of study.

Throughout the week, attendees participate in hands on projects that require creative thinking and teamwork. They will also participate in visits to see and talk with STEM professionals from industry, education, and the military.

Eligible Participants:

- Students under the age of 18 as of 20 July 2019, entering 9 - 12th grade in the Fall of 2019.
- The camp is held on a United States military base. All participants must be legally residing in the United States.
- Some locations are not ADA compliant. Special physical and medical conditions must be approved on a case-by-case basis.

Additional Information:

- Students reside in 2-person dorm-like rooms and eat most meals at the Navy dining hall Newport Naval Station.
- Total cost for attendance is \$150. A \$50 deposit will be required upon acceptance, and the final \$100 tuition payment will be due prior to attending.
- Tuition covers meals for the week, t-shirts worn during the camp, and social event costs.
- For students with demonstrated financial need, there may be limited scholarships available.
- Students are selected to attend based on a number of factors. Starship Poseidon attempts to build a group of mature young adults from diverse backgrounds and experiences. No prior experience in STEM project work or activities is necessary.
