---

At least annually, the school committee, the superintendent, director of property services, and such other persons as the committee and the superintendent shall determine, shall tour all school buildings for consideration of general maintenance and improvements.

The visits shall be scheduled to minimally disrupt the academic program of the schools but should, to the extent practicable, be coordinated with the school department's annual budget cycle.

To the greatest extent practicable, the public shall be invited to accompany the school committee and superintendent on the tours.
