Newport Public Schools Business - Fiscal Management

No. 3100
Page 1 of 1

The Newport Public Schools shall be managed in accordance with sound financial management policies and practices in accordance with all local, state and federal financial rules and regulations.

The Superintendent shall implement efficient, professional procedures for fiscal accounting, purchasing, and protection of plant, grounds, and equipment through prudent and economical operation, maintenance, and insurance.

The Superintendent is responsible for the overall financial management of the Department and its activities and shall routinely report on the Department's overall financial status to the Committee.
